Course objectives

Water scarcity challenges,
desalination processes, energy
requirements, environmental impacts,
Kuwait's water infrastructure

Training course duration:

Three Days

Timing:

8 a.m. - 2 p.m. Daily

Course outline :

Day one topics:

Water scarcity challenges, Kuwait's water security,
established desalination processes

Day two topics:

new/emerging desalination technologies, energy
requirements, environmental impacts,
Kuwait's water infrastructure.

OFFICE OF CONSULTATION & TRAINING
College of Engineering and Petroleum

Kuwait University- College of Engineering & Petroleum - Mechanical Engineering – OCT

ME008- Desalination Technologies for Kuwait

Day three topics:

Desalination Modeling.

Instructor:

Dr. Omar AlAli
Mechanical Engineering
College of Engineering & petroleum
